

Mask

P2 Nasal Pillows Interface

Light as it, Free as you.

P2 Nasal Pillows Interface is so light and comfortable, while wearing you can hardly feel it.

- Minimalism design, light and comfortable
- Ball-and-socket joint, convenient and flexible
- Diffuse multi-vent holes, quiet and peaceful

N5 Nasal Mask

Never Stand Still

BMC has been committed to developing quick fitting masks. N5 Nasal Mask was designed for better performance and more comfort during therapy.

- **AutoFit Cushion**
Smart groove design on the cushion helps to automatically and effectively adjust on the nose bridge.
- **Compact Frame**
Slim and clear forehead frame is able to fit 3 cushion sizes.
- **Integrated Structure**
Integration of cushion and cushion frame provides more stability and convenience.
- **Universal Elbow**
Free elbow design enables the patient to enjoy ease of use.

N5A Nasal Mask

A balance of breathing and horizon

Forehead frame –free design enables you to enjoy more vision.

- **AutoFit Cushion**
Smart groove design on the cushion helps to automatically and effectively adjust on the nose bridge.
- **Compact Design**
N5A is composed of 3 parts only. Easy to use and clean.
- **Liberty of Vision**
Based on the forehead frame-free design, users can read before they go to sleep.
- **Easy Release Clips**
Easy release clips provide the user with more ease of use.

F5 Full Face Mask

Simplify the Full Face Therapy

F5 do renovates your impression of full face mask with slim frame, groove- fit cushion and easy clip. All of the components above enable the patient to enjoy the ease of full face therapy.

- **Slim Frame**
Transparent and slim main frame minimize the effect to your vision.
- **Groove-fit Cushion**
Single layer of soft cushion with intelligent groove design fits different face shapes.
- **Easy Clip**
Classic clip helps to lock or release as easily as possible.
- **Ingenious Swivel**
Detachable swivel design separates mask from tubing conveniently when needed.

F5A Full Face Mask

Enlarge your vision by efficient face mask

F5A is one of the newest full face series. It is capable of auto adaptation to the nose bridge. Simple structure and light weight provide you with more comfortable and effective therapy.

- **Auto-adaptation**
The groove on the cushion is able to adapt itself to the nose bridge, maintaining low air leakage and limited face pressure.
- **Liberty of vision**
Based on the forehead frame-free design, users can embrace more vision with ease.
- **Anti-asphyxia valve**
Under the premise of security, the position of anti-asphyxia valve is adjusted in order to achieve more functions on a smaller elbow.
- **More comfort**
Due to the single-layer transitional design, the cushion touches the nose and face softly.
